

NCKU Rules of Computer-selected Course Enrollment

First Stage of Course Enrollment	
First registration for preferred courses for computer-selected enrollment by continuing students	
A9 General Education Courses	
Order of Registration Priority	Designated Students
1	Undergraduate senior students (including deferred students) who have completed 100% of their course evaluation surveys for the last semester
2	Undergraduate junior students who have completed 100% of their course evaluation surveys for the last semester
3	Undergraduate sophomore students who have completed 100% of their course evaluation surveys for the last semester
4	Undergraduate freshman students who have completed 100% of their course evaluation surveys for the last semester
5	Undergraduate senior students (including deferred students) who have completed 50% or more of their course evaluation surveys for the last semester
6	Undergraduate junior students who have completed more than 50% or more of their course evaluation surveys for the last semester
7	Undergraduate sophomore students who have completed more than 50% more of their course evaluation surveys for the last semester
8	Undergraduate freshman students who have completed more than 50% or more of their course evaluation surveys for the last semester
9	Undergraduate senior students (including deferred students) who have completed less than 50% of their course evaluation surveys for the last semester
10	Undergraduate junior students who have completed less than 50% of their course evaluation surveys for the last semester
11	Undergraduate sophomore students who have completed less than 50% of their course evaluation surveys for the last semester
12	Undergraduate freshman students who have completed less than 50% of their course evaluation surveys for the last semester
Each student is allowed a maximum of one computer-selected course enrollment. No registration for a previously-completed course is allowed. The results will be published on the link of Latest News at the homepage of the Registrar's Division. A computer-selected	

course enrollment will be automatically processed into the course schedule of each enrolled student.

First Stage of Course Enrollment

Second registration for preferred courses for computer-selected enrollment by continuing students

A9 General Education Courses

1. No registration for any previously-completed course is allowed. Any repeated course registration will be invalid, and any such enrollment will result in no credits completed.
2. Priority for computer-selected course enrollment will be given to those who have failed to enroll in a maximum of one General Education course as a result of the first registration, followed by a random computer selection. Each student will be allowed a maximum of one computer-selected course enrollment. Please do not register for the same course repeatedly on the list of preferences.
3. The results will be published on the link of Latest News at the homepage of the Registrar's Division. A computer-selected course enrollment will be automatically processed into the course schedule of each enrolled student.

Second Stage of Course Enrollment

Registration for preferred courses for computer-selected enrollment by freshman students

A9 General Education Courses

A7 General Chinese Courses

1. Students are required to check out any courses in various categories of general courses on the Curriculum Schedule with regard to their department codes and serial numbers in the first place.
2. Log onto the course-enrollment system and register for preferred courses for computer-selected enrollment. Please do not register for the same course repeatedly on the list of preference.
3. Registration of a preferred course is allowed even if its enrollment quota is full. Following registration, the system will process a random computer selection of a maximum of one course enrollment in each category for each student.
4. The results will be published on the link of Latest News at the homepage of the Registrar's Division. A computer-selected course enrollment will be automatically processed into the course schedule of each enrolled student.

ThirdStage of Course Enrollment

Registration for preferred courses for computer-selected enrollment by all students

A9 General Education Courses

1. General Education courses are open for students to drop during this period. Those who intend to add a General Education course shall register for computer-selected enrollment.
2. Students can fill in the number of intended courses to be selected. No repeated registration either for the same course or for the same preference order is allowed.
3. No registration for any previously-completed course is allowed. Any repeated course registration will be invalid and any such enrollment will result in no credits completed.
4. Registration for preferred courses is allowed even the quota is full. However, registration will be invalid if class scheduling conflict arises between a preferred course and any course on personal class schedule.
5. Should class scheduling conflict arise between registered courses on the preference list, the system is programmed with priority for computer-selected enrollment given to students registering for any preferred courses that remain to be filled, in order of their priority preference. Any registration of other preferred courses will be invalid should class scheduling conflict arise from a computer-selected course enrollment.
6. Upon completion of the registration, priority for computer-selected enrollment will be given to undergraduate students who have failed to enroll in any (A9) General Education course as a result of their previous registrations, followed by a random computer selection. Students may enroll in GE courses through a computer-selected enrollment to a maximum of the intended number with a maximum course enrollment of 25 credits.
7. The results will be published on the link of Latest News at the homepage of the Registrar's Division. A computer-selected course enrollment will be automatically processed into the course schedule of each enrolled student.

Second Foreign Language

Department Course Code: A1 Course Serial No.: 501~700

Please register for preference courses for computer-selected enrollment in the designated stage according to the Notice of Course Enrollment. The system will process a random selection of a maximum of one course enrollment for each enrolled student. No repeated registration either for the same course or for the same preference order is allowed.

General Education English

Department Course Code: A1 Course Serial No.: 101~500

Please register for preference courses in the category of English Module Program for

computer-selected enrollment. The system is programmed with priority of computer-selected enrollment given to freshman students, followed by a random selection, with a maximum of one course enrollment for each enrolled student. No repeated registration either for the same course or for the same preference order is allowed.

General Chinese

Department Course Code: A7 General Education Category A7

Please register for preference courses for computer-selected enrollment in the designated stage according to the Notice of Course Enrollment. The system will process a random selection of a maximum of one course enrollment for each enrolled student. No repeated registration either for the same course or for the same preference order is allowed.

Physical Education

Department Course Code: A2 Other-Course Category A2

Please register for preference courses for computer-selected enrollment in the designated stage according to the Notice of Course Enrollment. The system will process a random selection of a maximum of one course enrollment for each enrolled student. No repeated registration either for the same course or for the same preference order is allowed. (Freshman students are enrolled in a department-designated Physical Education course by the Division of Registrar in their first semester.)
